

Entrance Examinations for SY 2022

	Contents of Exams	Time
Kindergarten 1	Child and Parent(s) Interview	15 mins
Elementary First Grade	Child and Parent(s) interview	15 mins
	Group Activity	40 mins

1. The language for the interview will be the language which you selected, either Japanese or English.
2. In the Child and Parent(s) interview, parents will be asked whether they understand and agree with the educational philosophy of AMICUS, why they wish to enter their child in the school, and how their child is doing at home. We will also ask your child a few simple questions such as her or his name and what they do at school. We will also see if your child can draw lines with a pencil and use scissors at the first grade examination. You can speak in either Japanese or English, but English proficiency will not affect whether you pass or fail.
3. In Group activities for elementary first grade, we will be looking at things such as comprehension of instructions, proactivity, cooperation, originality, problem-solving, expression, communication skills, and physical and mental development.

Requests to Examinees and their Family for Interview

1. Please take your temperatures and observe anti-infection procedures such as using hand sanitizer and wearing a mask when you come to school.
2. Please take your temperature at home before coming to school on the day, and refrain from coming to school in the following cases.
 - Fever or cold symptoms.
 - A family member living with you has a fever or cold.
 - A family member living in the same household has a fever or cold.
 - The candidate or a family member living in the same household is infected with or in close contact with the new coronavirus.

If you have any concerns about your physical condition, please do not take any risks. If any of the above apply to you and unable to have the Interview on your scheduled date, we will reschedule it. However, please note that group activity cannot be rescheduled.

Please do not hesitate to contact us.
